SECURITY

We know that there are some concerns about security in Istanbul. The area that we are going to organize Apimondia, named Congress Valley. It is the most secure area in Istanbul and authorities have every possible security measure in that area. Many huge international congresses are being organized in that area these days and we'll also organize Euroleague Basketball Final four and European National Basketball Championship in Istanbul!

You may see the security statement on <http://www.apimondia2017.org/default.asp?p=news> and you'll be able to see the official letters from all local authorities about security on the web page soon.

SPONSORS

We have two new supporting sponsors from Turkey, Apimon Beekeeping and Biohayat!
